اول از همه باید در برنامه لاگین بکنیم

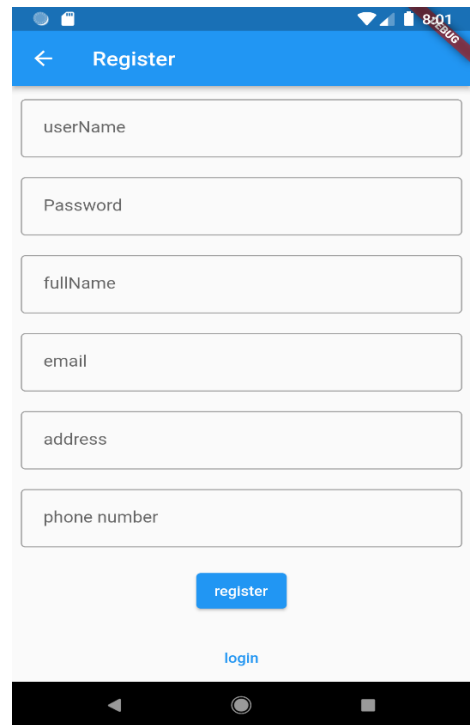

The image shows a mobile application interface for a login screen. The title bar is blue with the word "login" in white. Below the title bar, there are two input fields: the first contains the text "majid" and the second contains "123". Below the input fields, there are three buttons: a blue "login" button, a blue "admin login" button, and a blue "register now" button. The status bar at the top shows the time as 7:57 and the battery level as 75%. The bottom navigation bar is black with three icons: a back arrow, a home circle, and a recent apps square.

A screenshot of a mobile application's 'Register' screen. The screen has a blue header with a back arrow and the title 'Register'. Below the header, there are six text input fields stacked vertically, labeled 'userName', 'Password', 'fullName', 'email', 'address', and 'phone number'. At the bottom of the form area, there is a blue button labeled 'register' and a blue text link labeled 'login'. The screen is framed by a black Android navigation bar at the bottom.

ادمین میتواند سفر ادد کند

A screenshot of a mobile application's 'Add travel' form. The screen has a grey header with a back arrow and a red ribbon icon. Below the header, there are seven text input fields stacked vertically, labeled 'company', 'destination', 'origin', 'capacity', 'price', 'date', and 'time'. At the bottom of the form area, there is a blue button labeled 'add' and a blue text link labeled 'back'. The screen is framed by a black Android navigation bar at the bottom.

A screenshot of a mobile application's 'Add travel' form, showing a different set of input fields. The screen has a grey header with a back arrow and a red ribbon icon. Below the header, there are seven text input fields stacked vertically, labeled 'kind', 'code', 'company', 'destination', 'origin', 'capacity', and 'price'. At the bottom of the form area, there is a text input field labeled 'date'. The screen is framed by a black Android navigation bar at the bottom.

یوزر میتواند با وارد کردن مبدا و مقصد و تاریخ سفر های مورد نظر خود را ببیند و اگر ظرفیت داشت میتواند آن سفر را خریداری کند در همان لحظه لیست ارتقا پیدا میکند و ظرفیت عوض می شود

The screenshot shows the 'amir' app interface. At the top, there's a blue header with a back arrow and the text 'amir'. Below this, there are input fields for 'origin' (tehran) and 'destination' (yazd). A 'date' field shows '10/22'. There are two buttons: 'search' and 'My tickets'. Below these, there are two ticket listings. The first listing is for 'type not vip company scania', 'tehran → yazd', with a price of '150.0 \$' and a 'buy' button. The second listing is for 'type vip company scania', 'tehran → yazd', with a price of '300.0 \$' and a 'buy' button. Both listings indicate a move at '10/22 22:30'.

type	company	route	price	move at
not vip	scania	tehran → yazd	150.0 \$	10/22 22:30
vip	scania	tehran → yazd	300.0 \$	10/22 7:10

یوزر میتواند لیست سفر های خود را مشاهده کند

The screenshot shows the 'your tickets' app interface. At the top, there's a blue header with a back arrow and the text 'your tickets'. Below this, there are three ticket listings. Each listing is for 'type vip company scania', 'tehran → yazd', with a price of '300.0 \$' and a 'buy' button. The listings indicate a move at '10/22 7:10'.

type	company	route	price	move at
vip	scania	tehran → yazd	300.0 \$	10/22 7:10
vip	scania	tehran → yazd	300.0 \$	10/22 7:10
vip	scania	tehran → yazd	300.0 \$	10/22 7:10
